MEMORANDUM FOR THE RECORD:

SUBJECT: Recommendation on Proposed R [ ] Accounting  
for Funds, Special Projects

STAT

1. Paragraph 4 requires certifications from Operations Officers and Division Approving Officers. Since in many cases it will be necessary to type these certifications on a sheet of paper for attachment to the documents, we recommend that the regulation stipulate that the attached certification form be used. This form has the added advantage of making possible the placement of certifications from both officers on the same document. Furthermore, any exceptions taken by the Division Approving Officer can be stated on the form rather than in a separate memorandum as the proposed regulation prescribes.

after it has been rewritten to provide
